4064 Limassol

Dear Mrs Drakos,

Subject: Donation of an interactive board to our school

On behalf of the pupils, the staff and the Parent's Association of our school, I would like to warmly thank you for your generous donation of one interactive SMART type board for the educational requirements of the pupils of our school.

I am particularly touched by your vision for the provision of appropriate education to all children in a better learning environment, enriched with new technologies.

We wish that you can continue this charitable mission of donation, so that many children can receive appropriate education, develop themselves and excel.

Yours sincerely,

Iakovos Alexandrou

Headmaster
